

## Letter TV Correlations for South Carolina

All programs in Letter TV focus on the primary association between viewing the letter and making the sound(s) of the letter. Specific key words are selected for their potential to illustrate this phonemic awareness, and other words are portrayed in context.

The series addresses the following South Carolina standards for kindergarten language arts:

Standard	Description	Letter TV programs
I.A	Match voice with print, associating oral phonemes, syllables, words, and phrases with their written forms.	all
